TDA Announces HOPWA Technical Assistance Award

Laurinburg, NC, June 18, 2009 – TDA is pleased to announce that it, in partnership with Collaborative Solutions of Birmingham, AL, has received an award of \$309,320 to provide Technical Assistance under the HOPWA program.

The HOPWA Program was established by HUD to address the specific needs of persons living with HIV/AIDS and their families. HOPWA makes grants to local communities, States, and nonprofit organizations for projects that benefit low income persons medically diagnosed with HIV/AIDS and their families. As a National HOPWA TA provider, TDA/CSI works closely with OHH and local HUD Field Offices to develop appropriate work plans in response to the TA needs of HOPWA grantees and project sponsors. In addition, CSI maintains close communication with field office staff, grantees and sponsors in the Southeast, allowing the TA staff team to have up to date information on training needs, staff changes, reporting issues or other matters indicating a need for technical assistance support or information.

About Training & Development Associates

Training & Development Associates is a national, nonprofit technical assistance and training provider that provides professional services, develops training curricula, and delivers workshops related to community development programs and activities as well as organizational, professional, and board development. To enable our clients to create more livable communities, TDA is committed to inspiring excellence and professionalism throughout the community development field. We accomplish this mission by consistently providing high-quality, responsive, customer-centered service. For more than 10 years, TDA has been providing its services throughout the United States on behalf of the federal government as well as private organizations, municipalities, and states. To learn more about TDA, please visit our website at www.tdainc.org.
